Pasadena Vizslas

Application to Purchase a Puppy

page 1/4

At Pasadena Vizslas, we invest a great deal of love, time, energy and money in raising our dogs to the highest possible standards of health, temperament, beauty and intelligence. We care very deeply about the puppies that we breed and therefore we try to ensure that they are placed in the best homes that we can find. Since we will maintain a lifetime commitment to our puppies and owners, screening and approving suitable homes is part of our breeding program. Some of the questions may seem personal but our puppies are like family to us and since we are making a lifelong commitment to our pups and owners we need to know a few things about you.

We recognize that the Vizsla breed is not for everyone. Your honest and complete answers will help us to discuss whether your home and personality would be a good match for one of our dogs. The information that you supply will help us to match a pup with the best qualities to meet your interests.

All information will be kept strictly confidential.
